## ANOTHER GAME TO THEIR CREDIT

### Roanoke Wins the First With Lynchburg.

The Visitors Batted the Ball and Bunched Their Hits, and This Lynchburg Could Not Do—Mace's Rotten Umpiring Almost Gets Him Into Trouble—Several Two Baggers Made at Opposite Times.

LYNCHBURG, June 28.—Roanoke batters could hit the ball and bunch their hits and Lynchburg batters could not. That was perhaps a sufficient reason for Roanoke to win the game, but as if it was not enough, the home team had to contend against the rottenest umpiring ever seen here, and Lynchburg got the worst of it. One rank decision excited the indignation of the crowd to such an extent that it looked for a time as though the umpire would be put off the grounds bodily.

Ellis was on first and Boyd drew back to pitch then made a balk, threw the ball to first and caught Ellis between bases. The balk was so plain that when the umpire called Ellis out instead of giving him a base the spectators were infuriated. A score of men started toward the diamond, but cool counsel prevailed and the game went on. Roanoke made four runs in the first inning on O'Hagan's two bagger, Crockett getting a base on balls and hits by McIlloverter and Cavanaugh and a wild throw to third by Boucher.

Lynchburg's half of the fourth had some results. Sullivan hit to right field, made third and scored on a passed ball. Wynne hit to left and McGottigan came in on a passed ball. Wynne scored on a wild throw from first to third.

This gave Lynchburg one run ahead, but Roanoke got her lead back with interest in the same inning. McIlloverter took his base on balls, Boyd was hit by pitched ball, Cavanaugh struck for a single, McGinnis popped a two-bagger for Frech scored two more. O'Hagan made a three bagger in the eighth, McIlloverter got first on Ellis's fumble and O'Hagan scored. Boyd's fly to right field was muffed, Cavanaugh got his base on balls and McIlloverter scored on McGinnis's hit.

In the ninth, for Lynchburg, Webster's third strike passed the catcher and he made his base. Jobe and Ellis got bases on balls. Boucher knocked an infield ball that put Ellis and himself out, Webster crossing the plate. Leahy's hit scored Jobe. The score in detail:

ROANOKE.	R.	H.	E.	O.	A.	E.	LYNCHBURG.	R.	H.	E.	O.	A.	E.
O'Hagan, r.f.	2	0	0	0	0	0	Jobe, c.	2	2	1	0	0	0
Crockett, l.b.	1	0	17	0	0	0	Ellis, 2b.	0	1	2	3	1	1

SCORE BY INNINGS.

Roanoke	4	0	0	1	4	2	11
Lynchburg	0	0	0	0	0	0	0

SUMMARY.

Earned runs—Lynchburg, 4; Roanoke, 8. Bases on balls—Wynne, 6; Boyd, 7. Passed balls—Daniel, 2; Webster, 2. Struck out—Wynne, 3; Boyd, 3. Home run—Webster. Umpire—Mace.

Baseball Notes.

Manager George O. Houston and Captain O'Hagan left for Lynchburg yesterday afternoon.

The "Hara Hitters" and the "Little Champions" played an interesting game yesterday afternoon, the former winning by the score of 38 to 17. Shaffer and Glass were the battery for the "Hard Hitters" and Hardy and Kosh were in the points for the "Little Champions." Hardy was knocked out of the box in the fourth inning.

Close Score at Petersburg.

PETERSBURG, June 28.—The home team defeated Richmond to day by the close score of 7 to 6. It was a fine exhibition of the national game throughout. In the third inning Kelly got in a home run, bringing in Brodie ahead of him, tying the score. The score:

Petersburg	0	0	0	0	2	0	3	7	12	3
Richmond	1	1	0	0	0	0	2	6	9	5

Batteries—Foreman and Keifer; Lathrop and Williams.

Crowd Disgusted With Staunton's Playing.

STAUNTON, June 28.—The crowd of people that went out to Athletic Park this afternoon to witness the game between Norfolk and Staunton left the grounds before the game was half over, perfectly disgusted with the game the home team put up. It was a poor exhibition of professional ball. The Norfolk outplayed the locals at every point. Captain Zeigler, of the home team, played an indifferent game from start to finish. The features were the fielding and the heavy hitting by the visitors.

As the league umpire failed to show up C. T. Hutchison, of this city officiated. The crowd heckled him continually and some of them claim he gave the game to the visitors. Heavy hitting lost the game to Norfolk. The score:

Staunton	0	1	0	0	2	0	0	3	7	12	3
Norfolk	0	6	4	1	0	4	2	5	23	6	5

## THE INCOME TAX WILL STAND.

### Hill's Motion to Strike it Out Defeated by a Decisive Vote.

The Section Requiring Corporations to Keep Their Books Open for Inspection by Revenue Officers Clipped of Its Objectionable Features—The Tax on All Distilled Spirits in Bond Remains at \$1.10 Per Gallon—Hoar Has a Motion to Make.

WASHINGTON, June 28.—The House joint resolution to continue all the regular annual appropriation bills for one month, after June 30, was laid before the Senate and received its second reading.

Hoar gave notice that when reported back he would move to amend it by substituting it for the sundry civil appropriation bill for the current year. Hoar advocated his proposition and was still speaking when, at 10:30 a. m., the Vice-President interrupted him, and laid before the Senate the tariff bill and the motion to refer the joint resolution for the continuance of the appropriations went over without action.

The pending question when the Senate adjourned yesterday was section 66 of the tariff bill, which requires corporations to keep full, regular and accurate books of accounts which shall be, at all reasonable times, open to the inspection of internal revenue officers. An amendment had been offered to it by Hill so as to make it read, "Reasonable hours between March 1 and August 1 in each case," and Chandler moved to add to Hill's amendment the words, "on due order of some judge of a United States court."

Teller, Manderson, Allison and Hill thought the entire section was objectionable, and ought to be reformed or withdrawn entirely. Vest, in the hope that his action might terminate the debate, presented an amendment as a substitute for the section prepared by himself and Mr. George.

It strikes out the clause requiring the books to be open for inspection, and substitutes for it a clause that, when a collector or deputy collector shall believe that a true and accurate return of the income of a corporation has not been made, he shall make an affidavit of said belief and of the grounds on which it is founded, and shall file it with the commissioner of internal revenue, who shall issue a request in writing to the corporation to allow an examination to be made. In case of refusal of the corporation, the collector shall make an estimate from the information in his possession, and shall add fifty per cent. thereto, and that shall be the lawful assessment.

The discussion on this section and the amendments was kept up for another hour, and then, on motion of Harris, Chandler's amendment was laid on the table—yeas 32, nays 17.

Hill's amendment was also laid on the table without a division. Then the question came on the amendment offered by Vest, and it was agreed to without a division.

Then Hill moved to strike out section 66, and that motion was rejected without a division. Hill then moved to go back to section 56, which requires individuals to make returns of their incomes, and to strike out the words, "by the examination of such person."

After some argument Vest suggested, for the sake of saving time, to make the clause read, "by inquiry of such person;" but this did not entirely meet Hill's objection, and he insisted on his amendment. A vote was taken and Hill's amendment was rejected—yeas 23, nays 35. Sections 67, 69, 70 and 71 were then struck out of the bill, on Vest's motion. Section 68 was amended.

This finished all the sections relating to the income tax and Hill submitted a motion to strike them all out of the bill. He epitomized his objections to the income tax under fifteen heads which he proceeded to read.

The question was taken on Hill's motion to strike out all the income tax sections of the bill; and the motion was rejected—yeas 23; nays 40. There were only two Democratic Senators, (Hill, of N. Y., and Smith, of N. J.) voting in favor of the motion; but it was stated by Smith that his colleague, (McPherson) would vote in the same way if he were present. Votes in the negative were given by the three Populists, Allen, Kyle and Peffer, by Irish, and by six Republicans, Hansbrough, Mitchell, of Oregon, Pettigrew, Power, Shoup and Teller.

The sections relating to distilled spirits were quickly reached, but not quickly disposed of. The main discussion was upon the increase of the tax on whisky and the extension of the bonded period. Sherman and Allison opposing both. Vest, Voorhees, Mills and Lindsay defended the action of the finance committee.

Peffer moved to insert a new section imposing a tax of \$1.50 per barrel on beer. Rejected—yeas 20, nays 34. The committee substitute for section 82 was agreed to without a division. It provides that on and after the passage of the act a tax of \$1.10 per gallon shall be levied on all distilled spirits then in bond, or that may thereafter be produced in the United States.

Sections 83 to 101, making provision as to warehousing of distilled spirits and as to allowance for losses, etc., were agreed to without division.

Section 102 defines what constitutes a manufacturer of tobacco. Several amendments of a merely formal character were offered to it and agreed to.

Section 103, modifying the act of June 20, 1873 (a formal change), was agreed to; and section 104 having been reached (the last section but one of the bill), Hoar (Mass.) said he had an amendment to offer to it which could not be disposed of this evening. It is the section abrogating the reciprocity trades. He intended to move to strike it out.

The Senate, therefore, at 7 p. m., adjourned after a continuous session of nine hours.

## PROCEEDINGS IN THE HOUSE.

### Bill Admitting New Mexico to Statehood Passed—Discussion Over a Building Site.

WASHINGTON, June 28.—Several bills were passed by the House in the morning hour under requests for unanimous consent, but none of general interest or into which politics entered. Then the bill to provide for the admission of New Mexico to the Union was called up by Wheeler (Dem., Ala.).

There were no further amendments proposed, and when the reading had been concluded, Wheeler delivered a brief patriotic address of welcome to the new candidate for admission to the sisterhood of states, which evoked applause from both sides of the chamber. The bill was then passed without a division.

Under the terms of a special order adopted May 7, Bankhead (Dem., Ala.) called up the Senate bill providing for the construction of a hall of records in the city of Washington. The House committee on buildings and grounds reported a substitute for the Senate bill, directing the Secretary of the Treasury to purchase half a block of ground just south of the Capitol grounds, at a cost of \$300,000, and erect a building thereon, to cost \$250,000. The portion of the property not occupied by the hall of records is to be for storage and folding rooms for the House of Representatives.

Opposition was promptly manifested, partly on the ground that the price named for the ground is excessive and partly on the ground that the Government owns suitable building sites. On a motion to fix the price for the property to be purchased at \$175,000, offered by Bryan (Dem., Neb.) the vote by tellers was, yeas, 31; nays, 62. Baker, (Rep. N. H.) made the point of no quorum, and a roll call disclosing but 75 members present, at 4:20 o'clock the House adjourned until to-morrow without action on the bill.

## HARRIS' DETERMINED FIGHT.

### He May Succeed in Hindering the Passage of the Joint Resolution Now Pending.

WASHINGTON, June 28.—A serious prospect is opened up by the determined fight which Hoar is making in the Senate against the passage of the joint resolution to continue existing appropriations for 30 days. Unless this resolution should pass and receive the President's signature on or before Saturday next, all the wheels of Government will be blocked and the pay of every person in the service of the Government from the President down to the humblest of fiscal will stop.

Should Hoar persist in his purpose of opposing the resolution for the next two mornings during the few minutes' interval which elapse between the obtaining of a quorum and the call of the regular order (the tariff bill) at 10:30 a. m., he can prevent the passage of the resolution. The only course then open for the majority will be the dangerous experiment of laying aside the tariff bill till the expenses of continuing the Government are provided for.

It is believed that the necessity of passing the joint resolution to continue expenses is the obstacle in the way of Mr. Cleveland's leaving the city. It is understood that his valet has had the President's steamer trunk packed for a day or two, but the President cannot leave Washington until the joint resolution is presented to him.

## Deaths on the Rail.

READING, Pa., June 29.—Three persons were killed and many more were seriously injured shortly before noon on the Pennsylvania Railroad to-day. The down express crashed into the rear end of a coal train going in the same direction. The killed are John Murray, freeman, Potsville; George Bear, Ham-burg; and Wolf Selig, Philadelphia.

HUNTINGTON, Ala., June 28.—An engine on the K. C. M. and B. R. R. just this side of Horse Creek, with six cars, left the track and plunged down an embankment. The freeman was caught under the engine and crushed to death.

## Monument to the Confederate Soldiers Unveiled.

CHARLESTON, June 28.—"Carolina day" is generally celebrated by the military of Charleston. To-day it was made the occasion for the unveiling of the Washington Light Infantry to unveil the bronze monument erected to the Confederate soldiers of that command. The oration of the occasion was delivered by Rev. Dr. A. Towner Porter.

## Coal Strike Declared Off.

CUMBERLAND, Md., June 28.—The miners in the lower region of this county, Lonaconing, Barton and other places, held meetings at which they declared the strike off, declaring that they were ready to go to work at 10c a ton when the companies were ready. By to-morrow morning it is believed all the mines in the region will be open for work, and the miners ready to go in.

## Labor Day Is Now a National Holiday.

WASHINGTON, June 28.—Representative Cummings, of New York, this afternoon took the bill making Labor Day a national holiday to the White House and President Cleveland signed it at once. The penholder, a plain steel stub, will be sent by Cummings to Samuel Gompers, president of the American Federation of Labor.

## Caution.

All persons are cautioned against purchasing telephone instruments requiring battery for their operation, or using instruments of this description except under license of the American Bell Telephone Company, of Boston, Mass. This company owns letters patent No. 463,569, granted to Emile Berliner November 17, 1891, for a combined telephone and telephone, and controls letters patent No. 474,231, granted to Thomas A. Edison May 3, 1892, for a speaking telegraph, which patents cover fundamental inventions and embrace all forms of microphone transmitters and of carbon telephones.

## RAILROAD STRIKE EXTENDED.

### 40,000 Men Estimated to be Out Last Night.

And as Many More Are Expected to go Out To-day—The Tie-up Very Seriously Felt in Chicago and Other Northern Cities—The Railway Union Expects to Make St. Louis Their Headquarters in the Movement.

CHICAGO, June 28.—It was estimated to-day at the headquarters of the American Railroad Union that fully 40,000 men are now out on a strike on account of the refusal of the Pullman Company to settle the differences with its employees in the shops. By to-morrow night nearly double that number will have been ordered out and the strikers will include not only members of the union, but Knights of Labor, Brotherhood men and other organizations which can in any way affect the interests of the roads which have decided to stand by Pullman.

It was given out at headquarters to-day that to-morrow morning the different roads out of Chicago handling Pullman cars would be sufficiently crippled to warrant the removal of the base of operations of the officers of the American Railway Union from Chicago to St. Louis. Martin Elliott, a representative of the union, was sent to St. Louis to-night to call out the men on all but two roads entering the St. Louis union depot with Pullman palace cars in their trains.

To-morrow night, if necessary, President Debs and Vice-President Heward will go to St. Louis to take charge of the strike there. It is asserted that within two days all railroads out of St. Louis handling Pullman cars, excepting the Missouri Pacific will be asked to cancel Pullman contracts or incur a strike. Vice President Howard said to-day that the union would not exempt a single road in the West or Southwest and if necessary all of the more important roads would be called up to force a settlement of the Pullman strike.

The strikers had much the best of the situation to-day on the Illinois Central. That road is almost entirely tied up in this city, and the Illinois divisions and thousands of dollars are being lost along the line on account of the inability of the company to handle freight, and timidity of the public to travel.

The greatest loss to the road is probably in the demoralization of suburban traffic. There is considerable talk about shutting down of the large manufacturing in Chicago on account of the strike and owing to the inability to ship out goods or get in material.

The first to notify its employees of a shut-down was the Chicago Sugar Refining Company. This throws 2,500 employees out of work. The tie up of the Northern Pacific is complete from St. Paul to Missula. At St. Paul all the men, with the exception of the telegraphers and employees in the general offices, left their places. The shops at Como, Minn., are deserted. The tie-up in Minneapolis is complete.

Those "Magic City" bindings are going like hot cakes. Bring in your numbers and get them exchanged for a bound copy—costs 75 cents or \$1.50.

## THE HEIR TO THE THRONE.

### Socialist Member Ridicules the Idea of Congratulating the Queen on the Recent Royal Birth.

LONDON, June 28.—There was an unexpected scene in the house of commons to-day, when Sir Wm. Harcourt, supported by Balfour, moved an address of congratulation to the queen upon the birth of an heir to the Duke of York.

The motion was about to be put when amid exclamations of surprise from all parts of the house, James Kier Hardie, a Democrat and Socialist, and probably the most prominent of the labor members of parliament, arose and said: "I owe allegiance to no hereditary ruler." He then ridiculed the idea of the motion and made some sharp insinuations against the prince of Wales. The motion was agreed to.

## Democratic Nominees for Governors.

GRAND RAPIDS, Mich., June 28.—S. O. Fisher, of West Bay City, has been nominated for governor by the Democrats.

BURLINGTON, Vt., June 28.—The Democratic State convention nominated G. W. Smith, of Hartford, for governor.

## Call Upon M. Bureau to Form a Cabinet.

PARIS, June 28.—President Casimir Perier has accepted the resignation of Premier Dupuy and the other members of the ministry, to go into effect after the funeral of Carnot, on Sunday, on which occasion Dupuy will deliver an oration at the pantheon, on behalf of the government. The president has asked Deputy Auguste Bureau, who is his particular friend, to form a cabinet.

## Have you seen the new bound copies of "The Magic City"?

Call in and examine them, either at The Times office or at Johnson & Johnson's.

Tivoli and Vienna Cabinet Beer.

The Robert Porter Brewing Company, of Alexandria, have appointed Geo. P. Carr as their agent for this section. The beer is on sale at all the best bars in the city and the many fanciers of the favorite brands, Tivoli beer and Vienna Cabinet, brewed by this old and reliable company, will have an opportunity to obtain it. Ask for it. If you haven't tried it, try it now.

## THE WEATHER.

Forecast for Virginia: Generally fair variable winds.
